

Specialist Equipment Manufacturers since 1958.

Bespoke Engineering Solution

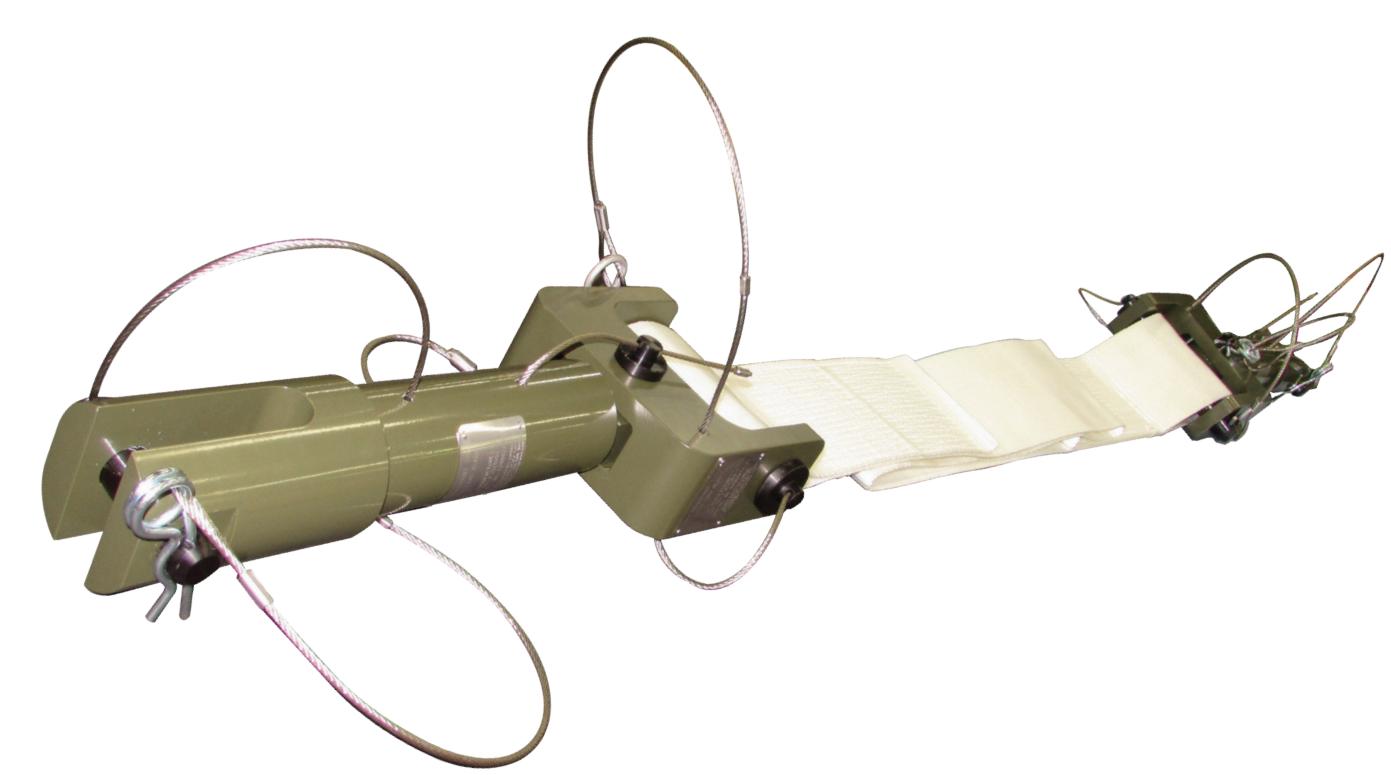

- Concept Design
- Reverse Engineering
- Obsolescence Review
- Prototyping
- Manufacture / Build To Print
- Qualification
- Lashing & Restraints
- HUSLE (Helicopter Underslung Load Equipment)
- Helicopter Cargo Hooks
- Aerospace Handling Solutions
- HIPOT (High Potential Testing)
- Static Frequency Converters

Aircraft Door Barrier
(Safety Nets)

HAWK 8,000lb Cargo Hook

Bespoke DMRT Lashing
for the QEC

10kVA - 400kVA range
Static Frequency
Converters

Desktop Static Frequency
Converters 1 – 3 kVA
Single and Three phase

MC2 Slimline Lashing

Engine Cover Lifting Beams and Bespoke Trolleys

DV Power CAT-P Circuit Breaker
Analysers And Timer

Watchkeeper Stowage Trolley

Rotor-craft Steering Arms
